

WE BELIEVE IN HEALTHY COMMUNITIES

We believe that everyone deserves the right to good health. We envision a nation where all people have the access to services and knowledge necessary to lead healthy, productive, and fulfilling lives.

WHAT IS NATIONAL HEALTH CORPS?

National Health Corps (NHC) is an AmeriCorps program that recruits, trains, and places emerging leaders in resource-limited organizations. Our members help build healthy communities by providing health education and health access to underserved individuals throughout the United States.

OUR MISSION

NHC fosters healthy communities by connecting those who need it most with health and wellness education, benefits, and services, while developing tomorrow's compassionate health leaders.

WHERE WE SERVE

NHC has operating sites in Chicago, North Florida, Philadelphia and Pittsburgh. Our members serve at over 60 community host sites including community health centers, county health departments, schools, and community-based public health organizations.

LIFE CHANGING SERVICE

Serving with NHC is life changing, both for you and for the people you serve.

Many members have gone on to dedicate their lives to careers in medicine and public health. After serving with NHC our members have attended school or built careers including:

- » Attending medical school
- » Attending graduate school in social work and public health
- » Working for the Centers for Disease Control and Prevention (CDC)
- » Working for the National Institutes of Health (NIH)
- » Serving with other national and international service programs
- » Becoming health and science educators
- » Serving in their state and local health departments
- » Working in Federally Qualified Health Centers (FQHC)
- » Some are even hired by their NHC host site!

"I wanted to dedicate myself both to underserved populations and to learning firsthand the current healthcare system."
